DETAILED ACTION

Claim Objections

1. Claim 12 is objected to because of the following informalities:

Claim 12, line 6, it is suggested to insert --values-- after “the channel state”.

Claim Rejections - 35 USC § 101

2. Claim 1 is rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. The calculating and determining steps in claim 1 produce no useful, concrete and tangible result.

Allowable Subject Matter

3. Claims 2-7 and 10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
4. Claims 12-14 would be allowable if rewritten to overcome the objection set forth in this Office action.
5. Claims 11 and 15-17 are allowed.

Response to Arguments

6. Applicant's arguments filed 7/20/06 have been fully considered but they are not persuasive.

Art Unit: 2616

The applicant argued that it is unclear how claim 1 is non-statutory as the Examiner alleges, when the calculated differences indeed produce a useful, concrete and tangible result, that being the transmission format of the packet data. The examiner disagrees because the calculated differences does not produce the transmission format of packet data and the “determining the transmission format of packet data **according to the calculated differences.**” does not produce any result.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
